

# GRASS BLOCK

Terracrete Grass Block

Brochure

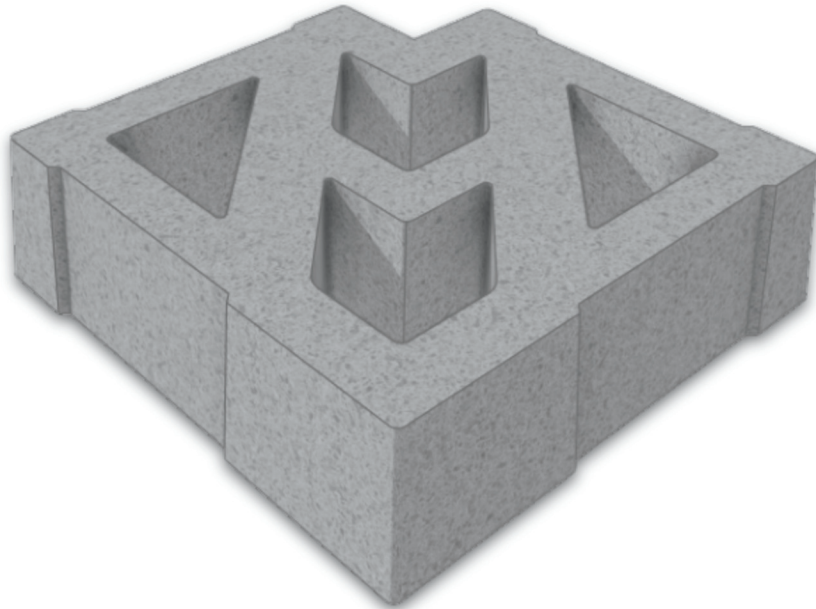

**EASTERN CAPE SUPPLIERS  
OF TOP QUALITY PRECAST  
CONCRETE PRODUCTS**

Our dry-cast Terracrete Grass Block offers a practical and eco-friendly solution for drainage, soil stabilisation, and erosion control in light-traffic areas. While not designed for heavy load-bearing applications, these versatile units excel in creating grassed roads and stabilising steep embankments.

## TERRACRETE GRASS BLOCK

## SPECIFICATIONS

**Length:** 350mm

**Width:** 350mm

**Height:** 100mm

**Mass:** 16 kgs

### Why Choose Our Grass Block?

- ✓ **Durable & Practical:** Perfect for light-traffic areas, offering effective drainage and soil stabilisation.
- ✓ **Versatile Applications:** Ideal for grassed roads and stabilising steep embankments.
- ✓ **Eco-Friendly & Permeable:** Promotes natural water drainage and reduces runoff.
- ✓ **Flexible Installation:** Can be laid in various patterns with or without ground anchors for erosion-prone areas.

**Important Note:** To ensure an accurate and efficient quote, please provide all essential details when making a request. Kindly include your name, contact number, email address, and a plan of the area. This helps us assist you promptly and provide the best possible service.
